WELCOME TO EQUA

We welcome you to get to know our water bottle collections. Created for you. Made to keep you healthy and beautiful.

Our mission is to raise awareness about the importance of hydration and getting you to improve your water intake habits. This way you'll feel your best, full of energy, glowing from the inside and being on top of your game anytime and anywhere.

Want to know more about EQUA?
Meet us at **www.myequa.com**

EQUA BOTTLES are made to keep you hydrated, healthy and most importantly: To be your company throughout the day. To be by your side when you are working, cooking, meeting friends, wandering around, travelling and practicing all your favourite hobbies that make your life special.

These bottles are made for people like you, who respect nature and see its true beauty. For those, who admire fine products and want to pamper themselves with them, because they know they only deserve the best.

STARDUST GRAVITY

EQUA SMART

WATER BOTTLE

As little as 2% loss of our bodies' water content begins to cause the brain to lose alertness and the body to feel tired.

Drinking water is one of those simple daily routines that we forget about too often. And while most recommendations focus on how much water we need to drink, not enough is said about how often you should be sipping on your water. The frequency and even distribution of your water intake during the day is actually the key to preventing dehydration.

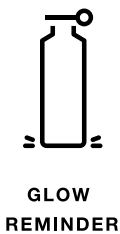

The new EQUA Smart Water Bottle is here to take your water intake – and overall wellbeing – to the next level.

PINK BLUSH, SNOW WHITE & DARK GREY

BE REMINDED WHEN YOU
NEED IT MOST

Thirsty? It's already too late. EQUA will send you glowing reminders when you need to take a sip of water. It will help prevent dehydration.

GLASS

BOTTLES

We pay special attention to always use the best quality and environmentally friendly materials in our products. Adding glass bottles to our collection was challenging at first but with hard work and attention to detail we established an amazing production line of glass bottles, made locally in Czech Republic, Europe.

Every detail is carefully thought through: the shape, the size and nevertheless the design. This way your glass EQUA bottle is suitable to be carried around wherever you go. Regardless of the fragility of the material, the bottle is strong, durable, and dishwasher safe.

OUR STORY

EQUA is a team of young, motivated minds breathing the creative spirit and drinking gallons of water. Our philosophy is very clear: we do what we love and we love what we do.

We care about the world and our main focus is to operate our business in a sustainable way. All our products are made with lots of love, paying special attention to detail and making sure to only offer the best for your health and nature's wealth. From our first day of existence, we pledged to always give back to nature and the community around us.

We would be thrilled to have you on board, helping us spread the message of importance of drinking water and to bring EQUA bottles to health- and fashion-conscious communities around the world.

Join us in making this world a better and healthier place for everyone!

#myequa
#mymoment

When it comes to my body, every moment counts. It's why I eat healthy, keep my body hydrated and focus my mind on positive thoughts. To get a fit body with a sharp mind. And whenever it feels out of balance, I know how to refocus and remember my intentions.

It's what I call MY MOMENT.
